CURRENT POSITION: **Chief Executive Officer (CEO)**
National Board of Certification and Recertification for Nurse Anesthetists (NBCRNA)

The CEO reports to the Board of Directors. In this role, I am responsible to provide visionary leadership and oversight to the entire organization for the development and implementation of NBCRNA's programs and initiatives. As the staff executive leader of the organization, I leverage my knowledge of, and experience with, the intricacies of certification, higher education, programmatic accreditation, advanced practice nursing, and health care regulation for the advancement of the organization and ultimately the profession.

Key areas of focus include the provision of subject matter expertise across the enterprises' initiatives, development and maintenance of external national and international relationships crucial for effective national and international credentialing efforts, and collaborative engagement with other leadership across the spectrum of advanced practice nursing to develop and implement the NBCRNA's strategic goals and initiatives. Additionally, oversight and advancement of nursing certification is focused at the core of all activities and engagements of the CEO.
